

Kwik-Shot® Soot Stopper

Item 100S

- Controls soot build-up in chimneys
- Helps prevent chimney fires
- Creates colorful flames

Description:

A convenient pre-measured application to control soot build-up in free-burning and non-airtight stoves and fireplace, oil-fired furnaces and boilers. An added bonus is colorful flames for your enjoyment!

Performance Characteristics:

- Hands never touch ingredients
- No measuring and no mess
- Safe to use
- Will not harm metal or masonry chimneys

Recommended Uses:

Use in free-burning fireplaces, non-airtight stoves, oil-fired furnaces and boilers.

Application:

Do not attempt to open the tube. Toss the entire product onto a brisk fire and burn hot for at least 5 minutes. For the first month of the heating season, apply Kwik-Shot Soot Stopper twice a week, then once a week throughout the heating season.

Coverage:

One application per tube.

Typical Physical Properties:

Active Ingredient	Proprietary mixture
Consistency	Granular
Flashpoint	N/A
Storage/Handling	Store in dry place

Limitations:

For airtight stoves, use Rutland Creosote Remover, liquid or powdered, for creosote control.

Warranty and Limited Remedy:

This product will be free from defects in material and manufacture for a period of eighteen (18) months from date of manufacture. Rutland Fire Clay Company makes no other warranties including, but not limited to, any implied warranty of merchantability or fitness for a particular purpose. User is responsible for determining whether the Rutland Fire Clay Company product is fit for a particular purpose and suitable for user's application. If this Rutland Fire Clay Company product is defective within the warranty period stated above, your exclusive remedy and Rutland Fire Clay Company's sole obligation shall be, at Rutland Fire Clay Company's option, to replace the Rutland Fire Clay Company product or refund the purchase price of the Rutland Fire Clay Company product.

Limitation of Liability:

Except where prohibited by law, Rutland Fire Clay Company will not be liable for any loss or damage arising from this Rutland Fire Clay Company product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.

CAUTIONS:

Harmful if swallowed. Irritating to eyes on contact. Contains copper sulfate and trisodium

phosphate. If swallowed, induce vomiting and call physician immediately. In case of contact with eyes, flush with plenty of water.
